Cape to Cape Track

Winter 2026

DANGER

WINTER DIVERSION

Margaret River mouth

During winter and spring, deep water and strong currents may make the mouth of the Margaret River dangerous to cross.

Do not proceed to cross unless you are certain about the river depth and your ability to cross safely.

An alternative route around the river mouth is shown on the map. This route is 7.2km.

Walkers should follow winter diversion trail signage.

For more information please contact the Parks and Wildlife Service Busselton office on (08) 9752 5555.

If applicable this map is based on information provided by and with the permission of the Western Australia Land Information Authority (Landgate) (2013) Roads and tracks on land managed by the Department of Biodiversity, Conservation and Attractions may contain unmarked hazards and their surface condition is variable. Exercise caution and drive to conditions on all roads.
